Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations. 16-54694-1

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

Note: Alex Mitchell recalled to Montreal office inasmuch as lookout cards showed an Alec Mitchell as subversive (Montreal file 01170) based on Report of the American Consulate General, Vancouver, B.C., dated February 3, 1948. That report showed Alec Mitchell to be a member of the Victoria Labor Council and the British Columbia Federation of Labor.

Mr. Mitchell presented his Canadian Passport in the name of Alexander Reid Mitchell containing 3(2) and 3(3) visas issued 1947 and 1950 by the American Consulate in Vancouver; he is Department Supervisor and Director of the Woodward Department Stores in Vancouver of which Lt. Governor (B. C.) Col. W. C. Woodward is the owner. Mr. Mitchell has been with the firm for 20 years and has never been a member of any labor groups. He states no part of the store is unionized. I am satisfied he is not the person named in the lookout; he was born in Scotland, March 20, 1909; L.P.R. 5755 Angus Drive, Vancouver, B. C.

**TO THE U. S. IMMIGRATION AND NATURALIZATION OFFICER IN CHARGE:**

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

# REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

## INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations. 16-54094-1

# REPORT OF SHIP'S SURGEON

U.S. DEPARTMENT OF LABOR  
BUREAU OF IMMIGRATION  
WASHINGTON

September 1, 1917.

## INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Commissioner of Immigration, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first cabin, second cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e.g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Commissioners of Immigration at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

A. CAMINETTI,

Commissioner General of Immigration.

APPROVED:

W. B. WILSON,  
Secretary of Labor.

## TRADUZIONE D'ISTRUZIONI

Ai capitani e medici di navi ed a chiunque spetti:

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 di Febbraio, 1917, viene con questo mezzo decretato che all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani del Commissario d'Immigrazione (Commissioner of Immigration), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino: portare la lettera o il numero del foglio del manifesto sul quale è iscritto il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo; spiegare la natura del male, che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato," "guarito," "moribondo," "morto."

Sotto la rubrica "Remarks," il medico di bordo dovrà apporre tali annotazioni come, p. es.: "abile a continuare il viaggio," "accompagnato da famiglia," "sbarcato a quarantena," "sbarcato a quarantena con famiglia," "nell'ospedale a bordo," o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile; però non necessariamente in Inglese, se il medico di bordo conosca meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

I commissarii d'Immigrazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

TRADUCTION DES INSTRUCTIONS

*Aux commandants de navires, aux medecins du bord et à qui de droit :*

Conformément à la section No. 13 de l'Acte du Congres des Etats-Unis, le 5 Fevrier, 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des Etats-Unis, le médecin du bord devra remettre, en personne, au Commissaire d'Immigration des Etats-Unis, ou à un représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hystérie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaitre dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway) ; de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que : "amélioré," "rétabli," "mourant," "mort").

Sous le titre, "Remarks," le médecin du bord fera des observations, telles que : "en état de voyager," "accompagné de famille," "débarqué à la quarantaine," "débarqué à la quarantaine avec famille," "à l'hôpital (l'infirmérie) du bord," ou autres remarques qui peuvent être d'utilité aux officiers du Bureau d'Immigration des Etats-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les Commissaires d'Immigration aux divers ports des Etats-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le Commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations. 16-54094-1

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

# EXTRACT FROM THE ACT OF FEBRUARY 5, 1917

SEC. 1. \* \* \* That the term "seaman" as used in this act shall include every person signed on the ship's articles and employed in any capacity on board any vessel arriving in the United States from any foreign port or place.

SEC. 10. (As amended by Sec. 27 of Immigration act of 1924.) That it shall be the duty of every person, including owners, masters, officers, and agents of vessels of transportation lines, or international bridges or toll roads, other than railway lines which may enter into a contract as provided in section 23, bringing an alien to, or providing a means for an alien to come to, the United States, to prevent the landing of such alien in the United States at any time or place other than as designated by the immigration officers. Any such person, owner, master, officer, or agent who fails to comply with the foregoing requirements shall be guilty of a misdemeanor and on conviction thereof shall be punished by a fine in each case of not less than \$200 nor more than \$1,000, or by imprisonment for a term not exceeding one year, or by both such fine and imprisonment; or, if in the opinion of the Attorney General, it is impracticable or inconvenient to prosecute the person, owner, master, officer, or agent of any such vessel, such person, owner, master, officer, or agent shall be liable to a penalty of \$1,000, which shall be a lien upon the vessel whose owner, master, officer, or agent violates the provisions of this section, and such vessel shall be libeled therefor in the appropriate United States court.

(b) Proof that the alien failed to present himself at the time and place designated by the immigration officers shall be prima facie evidence that such alien has landed in the United States at a time or place other than as designated by the immigration officers.

## Extract from Section 15

SEC. 15. That \* \* \* immigration officials may order a temporary removal of such aliens for examination at a designated time and place, but such temporary removal shall not be considered a landing, nor shall it relieve vessels, the transportation lines, masters, agents, owners, or consignees of the vessel upon which said aliens are brought to any port of the United States from any of the obligations which, in case such aliens remain on board, would under the provisions of this act bind the said vessels, transportation lines, masters, agents, owners, or consignees:

Whenever a temporary removal of aliens is made the vessels or transportation lines which brought them and the masters, owners, agents, and consignees of the vessel upon which they arrive shall pay all expenses of such removal and all expenses arising during subsequent detention, pending decision on the aliens' eligibility to enter the United States and until they are either allowed to land or returned to the care of the line or to the vessel which brought them, such expenses to include those of maintenance, medical treatment in hospital or elsewhere, burial in the event of death, and transfer to the vessel in the event of deportation, excepting only where they arise under the terms of any of the provisions of section eighteen hereof. Any refusal or failure to comply with the provisions hereof shall be punished in the manner specified in section eighteen of this act.

## EXTRACT FROM THE ACT OF DECEMBER 26, 1920

An Act to provide for the treatment in hospital of diseased alien seamen.

That alien seamen found on arrival in ports of the United States to be afflicted with any of the disabilities or diseases mentioned in section 35 of the act of February 5, 1917, \* \* \* shall be placed in a hospital designated by the immigration official in charge at the port of arrival and treated, all expenses connected therewith, including burial in the event of death, to be borne by the owner, agent, consignee, or master of the vessel, and not to be deducted from the seamen's wages, and no such vessel shall be granted clearance until such expenses are paid or their payment appropriately guaranteed and the collector of customs so notified by the immigration official in charge: *Provided*, That alien seamen suspected of being afflicted with any such disability or disease may be removed from the vessel on which they arrive to an immigration station or other appropriate place for such observation as will enable the examining surgeons definitely to determine whether or not they are so afflicted, all expenses connected therewith to be borne in the manner hereinbefore prescribed.

## EXTRACT FROM THE ACT OF MAY 26, 1924

SEC. 3. When used in this act the term "immigrant" means any alien departing from any place outside the United States destined for the United States, except \* \* \* (5) a bona fide alien seaman serving as such on a vessel arriving at a port of the United States and seeking to enter temporarily the United States solely in the pursuit of his calling as a seaman.

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Attorney General may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Attorney General to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs. The Attorney General may, upon application in writing therefor, mitigate such penalty to not less than \$200 for each seaman in respect of whom such failure occurs, upon such terms as the Attorney General in his discretion shall think proper. This section, as amended, shall apply to all penalties arising subsequent to June 5, 1940.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Attorney General.

† When delivery to the immigration station is directed, the aliens must be detained on board of the ship on which they arrived pending delivery to the immigration station. Such transfer must be made by the most direct and expeditious route with the least possible contact with the public, and at the expense and responsibility of the steamship company. Aliens who have been held for further medical examination in the belief that they are suffering from communicable diseases must be completely isolated from other passengers and from the public.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

# REPORT OF SHIP'S SURGEON

U.S. DEPARTMENT OF LABOR  
BUREAU OF IMMIGRATION  
WASHINGTON

September 1, 1917.

## INSTRUCTIONS

*To masters and medical officers of ships, and others concerned :*

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Commissioner of immigration, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned ; whether a first cabin, second cabin, or steerage passenger or a stowaway ; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet ; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e.g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Commissioners of Immigration at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

A. CAMINETTI,  
*Commissioner General of Immigration.*

APPROVED :  
W. B. WILSON,  
*Secretary of Labor.*

## TRADUZIONE D'ISTRUZIONI

*Ai capitani e medici di navi ed a chiunque spetti :*

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 di febbrajo, 1917, viene con questo mezzo decretato che all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani del Commissario d'Immigrazione (Commissioner of Immigration), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino ; portare la lettera o il numero del foglio del manifesto sul quale è iscritto il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo ; spiegare la natura del male, che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato," "guarito," "moribondo," "morto."

Sotto la rubrica "Remarks," il medico di bordo dovrà apporre tali annotazioni come, p. es. : "abile a continuare il viaggio," "accompagnato da famiglia," "sbarcato a quarantina," "sbarcato a quarantina con famiglia," "nell' ospedale a bordo," o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile ; però non necessariamente in Inglese, se il medico di bordo conosca meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

I commissarii d'Immigrazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

TRADUCTION DES INSTRUCTIONS

*Aux commandants de navires, aux medecins du bord et à qui de droit :*

Conformément à la section No. 13 de l'Acte du Congres des Etats-Unis, le 5 Fevrier, 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des Etats-Unis, le médecin du bord devra remettre, en personne, au Commissaire d'Immigration des Etats-Unis, ou à un représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hysterie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway); de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que : "amélioré," "rétabli," "mourant," "mort.").

Sous le titre, "Remarks," le médecin du bord fera des observations, telles que : "en état de voyager," "accompagné de famille," "débarqué à la quarantaine," "débarqué à la quarantaine avec famille," "à l'hôpital (l'infirmierie) du bord," ou autres remarques qui peuvent être d'utilité aux officiers du Bureau d'Immigration des Etats-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les Commissaires d'Immigration aux divers ports des Etats-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le Commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations. 16-54096-1

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

# REPORT OF SHIP'S SURGEON

U.S. DEPARTMENT OF LABOR  
BUREAU OF IMMIGRATION  
WASHINGTON

September 1, 1917.

## INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Commissioner of immigration, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first cabin, second cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e.g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births and deaths which have occurred during the voyage.

The Commissioners of Immigration at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

A. CAMINETTI,

*Commissioner General of Immigration.*

APPROVED:

W. B. WILSON,  
*Secretary of Labor.*

## TRADUZIONE D'ISTRUZIONI

*Ai capitani e medici di navi ed a chiunque spetti:*

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 di Febbraio, 1917, viene con questo mezzo decretato che all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani del Commissario d'Immigrazione (Commissioner of Immigration), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino; portare la lettera o il numero del foglio del manifesto sul quale è inserito il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo; spiegare la natura del male, che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato," "guarito," "moribondo," "morto."

Sotto la rubrica "Remarks," il medico di bordo dovrà apporre tali annotazioni come, p. es.: "abile a continuare il viaggio," "accompagnato da famiglia," "sbarcato a quarantina," "sbarcato a quarantina con famiglia," "nell' ospedale a bordo," o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile; però non necessariamente in Inglese, se il medico di bordo conosce meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

I commissarii d'Immigrazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

REPORT

Diseases, Injuries, Births, and Deaths  
on

Diagnoses sowohl als andere in diesem Berichte niedergelegte Beobachtungen muessen leserlich geschrieben, aber nicht notwendiger Weise in der englischen Sprache abgefasst sein, besonders wenn der Arzt in einer anderen Sprache sich gewandter und deutlicher ausdruecken kann.

TRADUCTION DES INSTRUCTIONS

*Aux commandants de navires, aux medecins du bord et à qui de droit :*

Conformément à la section No. 13 de l'Acte du Congres des Etats-Unis, le 5 Fevrier, 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des Etats-Unis, le médecin du bord devra remettre, en personne, au Commissaire d'Immigration des Etats-Unis, ou à un représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hysterie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway) ; de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que : "amélioré," "rétabli," "mourant," "mort").

Sous le titre, "Remarks," le médecin du bord fera des observations, telles que : "en état de voyager," "accompagné de famille," "débarqué à la quarantaine," "débarqué à la quarantaine avec famille," "à l'hôpital (l'infirmerie) du bord," ou autres remarques qui peuvent être d'utilité aux officiers du Bureau d'Immigration des Etats-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les Commissaires d'Immigration aux divers ports des Etats-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le Commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

To the U. S. IMMIGRATION AND NATURALIZATION OFFICER IN CHARGE:

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

# REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

## INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

TO THE U. S. IMMIGRATION AND NATURALIZATION OFFICER IN CHARGE:

I HEREBY CERTIFY that to the best of my knowledge and belief the foregoing is a true and complete statement of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage among the alien passengers.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

To masters and medical officers of ships, and others concerned:

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Commissioner of immigration, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first cabin, second cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e.g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Commissioners of Immigration at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

A. CAMINETTI,

Commissioner General of Immigration.

APPROVED:

W. B. WILSON,

Secretary of Labor.

## TRADUZIONE D'ISTRUZIONI

Ai capitani e medici di navi ed a chiunque spetti:

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 di Febbraio, 1917, viene con questo mezzo decretato che all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani del Commissario d'Immigrazione (Commissioner of Immigration), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino: portare la lettera o il numero del foglio del manifesto sul quale è inserito il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo: spiegare la natura del male, che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato," "guarito," "moribondo," "morto."

Sotto la rubrica "Remarks," il medico di bordo dovrà apporre tali annotazioni come, p. es.: "abile a continuare il viaggio," "accompagnato da famiglia," "sbarcato a quarantina," "sbarcato a quarantina con famiglia," "nell'ospedale a bordo," o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile; però non necessariamente in Inglese, se il medico di bordo conosca meglio un'altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

I commissarii d'Immigrazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

TRADUCTION DES INSTRUCTIONS

*Aux commandants de navires, aux medecins du bord et à qui de droit :*

Conformément à la section No. 13 de l'Acte du Congres des Etats-Unis, le 5 Fevrier, 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des Etats-Unis, le medecin du bord devra remettre, en personne, au Commissaire d'Immigration des Etats-Unis, ou à un représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hysterie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway) ; de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que : "amélioré," "rétabli," "mourant," "mort.").

Sous le titre, "Remarks," le medecin du bord fera des observations, telles que : "en état de voyager," "accompagné de famille," "débarqué à la quarantaine," "débarqué à la quarantaine avec famille," "à l'hôpital (l'infirmierie) du bord," ou autres remarques qui peuvent être d'utilité aux officiers du Bureau d'Immigration des Etats-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le medecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le medecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les Commissaires d'Immigration aux divers ports des Etats-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le medecin du bord, ou en son lieu le Commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet, the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of ~~all injuries, diseases, and illnesses~~—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

TRADUCTION DES INSTRUCTIONS

*Aux commandants de navires, aux medecins du bord et à qui de droit :*

Conformément à la section No. 13 de l'Acte du Congres des Etats-Unis, le 5 Fevrier, 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des Etats-Unis, le médecin du bord devra remettre, en personne, au Commissaire d'Immigration des Etats-Unis, ou à un représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hysterie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway) ; de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que : "amélioré," "rétabli," "mourant," "mort").

Sous le titre, "Remarks," le médecin du bord fera des observations, telles que : "en état de voyager," "accompagné de famille," "débarqué à la quarantaine," "débarqué à la quarantaine avec famille," "à l'hôpital (l'infirmierie) du bord," ou autres remarques qui peuvent être d'utilité aux officiers du Bureau d'Immigration des Etats-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les Commissaires d'Immigration aux divers ports des Etats-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le Commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

# REPORT OF SHIP'S SURGEON

U.S. DEPARTMENT OF LABOR  
BUREAU OF IMMIGRATION  
WASHINGTON

September 1, 1917.

## INSTRUCTIONS

*To masters and medical officers of ships, and others concerned :*

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Commissioner of Immigration, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned ; whether a first cabin, second cabin, or steerage passenger or a stowaway ; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet ; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e.g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Commissioners of Immigration at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

A. CAMINETTI,  
*Commissioner General of Immigration.*

APPROVED :  
W. B. WILSON,  
*Secretary of Labor.*

## TRADUZIONE D'ISTRUZIONI

*Ai capitani e medici di navi ed a chiunque spetti :*

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 di Febbraio, 1917, viene con questo mezzo decretato che all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani del Commissario d'Immigrazione (Commissioner of Immigration), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino ; portare la lettera o il numero del foglio del manifesto sul quale è iscritto il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo ; spiegare la natura del male, che esso soffrì o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato," "guarito," "moribondo," "morto."

Sotto la rubrica "Remarks," il medico di bordo dovrà apporre tali annotazioni come, p. es. : "abile a continuare il viaggio," "accompagnato da famiglia," "sbarcato a quarantina," "sbarcato a quarantina con famiglia," "nell' ospedale a bordo," o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile ; però non necessariamente in Inglese, se il medico di bordo conosca meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

I commissarii d'Immigrazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

Pour mettre en execution la section 35 de la loi d'Immigration du 5 Février 1917, et le décret du Congrès du 26 mai 1920, à l'arrivée d'un bateau transportant des passagers d'un port étranger à un port des Etats-Unis, le médecin du bord devra aussi délivrer, en personne, à l'officier en chef de l'Immigration et Naturalisation des Etats-Unis, ou à son représentant autorisé, un rapport complet des marins qui sont affligés d'idiotie imbecillité folie, épilepsie, tuberculose sous toutes ses formes, maladies répugnantes ou dangereuses et contagieuses, et de ceux qui sont morts pendant le voyage.

Le dit rapport devra déclarer dans chaque cas le nom du passager ou marin en question, qu'il soit passager de première, seconde, ou troisième classe, ou passager clandestin ou marin; ainsi que la lettre ou le numéro employé pour désigner la feuille des passagers ou la liste d'équipage sur laquelle le nom du dit passager se trouve, et le numéro indiquant son nom (sur la dite feuille), la nature de la maladie ou blessure dont il a souffert ou actuellement souffre et sa réelle condition au moment de l'arrivée (par ex., "amélioré", "guéri", "moribond", "décédé").

Les diagnostics et toutes les autres déclarations du dit rapport doivent être écrits lisiblement, mais ne doivent pas être forcément en Anglais si le médecin du navire connaît mieux une autre langue. Le médecin du bateau doit déclarer en outre, sous serment, qu'autant qu'il sache, le rapport contient une vraie et complète déclaration de toutes les maladies, blessures, naissances, et décès, qui ont eu lieu au cours du voyage.

Les officiers en chef de l'Immigration et Naturalisation aux différents ports des Etats-Unis ont pleine autorité d'empêcher le débarquement des passagers jusqu'à ce que le médecin du bord ou le commandant du bateau ait fourni un rapport médical comme il est indiqué ci-dessus.

## INSTRUCTIONS

To masters and medical officers of ships, and others concerned:

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

In order to carry out the provisions of section 35 of the Immigration Act of February 5, 1917, and the act of Congress of May 26, 1920, on the arrival of a ship bringing passengers from a foreign port to any port of the United States, the ship's surgeon shall also deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report of those seamen who are afflicted with idiocy, imbecility, insanity, epilepsy, tuberculosis in any form, or a loathsome or dangerous contagious disease, and of those who died during the voyage.

Said report shall state in each instance the name of the passenger or seaman concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway or a seaman; the letter or number used to designate the sheet of the passenger manifest or crew list on which the said passenger's or seaman's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved", "recovered", "moribund", "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel", "accompanied by family", "removed at quarantine", "removed at quarantine with family", "in ship's hospital", or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers or seamen.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

EARL G. HARRISON,  
Commissioner.

## DIREZIONI

Ai comandanti ed ufficiali medici di navi, ed altri interessati:

Basato sull'autorità della 13ma sezione dell'atto del Congresso del 5 febbraio 1917, si ordina con questo che all'arrivo di un bastimento che trasporta passeggeri da un porto estero a qualsiasi porto degli Stati Uniti, il medico di bordo dovrà presentare in persona all'ufficiale di carico del Servizio d'Immigrazione e Naturalizzazione degli Stati Uniti, oppure al suo rappresentante autorizzato, un rapporto completo delle malattie (includendo manifestazioni d'epilessia, d'isterismo o d'insanità), ferite, nascite e morti che abbiano avuto luogo fra i passeggeri durante il viaggio.

Per effettuare le condizioni della 35ma sezione dell'atto d'Immigrazione del 5 febbraio 1917 e l'atto del Congresso del 26 maggio 1920, all'arrivo di un bastimento che trasporta passeggeri da un porto estero a qualsiasi porto degli Stati Uniti, il medico di bordo dovrà anche presentare in persona all'ufficiale di carico del Servizio d'Immigrazione e Naturalizzazione degli Stati Uniti, oppure al suo rappresentante autorizzato, un rapporto completo di tutti quei membri dell'equipaggio che sono affetti da idiotismo, imbecillità, insanità, epilessia, tubercolosi di qualsiasi forma, oppure da malattia schifosa o pericolosa e contagiosa, e di coloro che son morti durante il viaggio.

Il menzionato rapporto dovrà dichiarare in ogni caso il nome del passeggero o del marinaio al quale si riferisce; se passeggero di prima classe, di seconda classe, di terza classe, o clandestino, o marinaio; la lettera o il numero usato per indicare il foglio del manifesto o dell'elenco dei membri d'equipaggio sul quale sarà trovato il nome del passeggero o del marinaio, e il numero che indica il posto del suo nome sul menzionato foglio; la natura della malattia o della ferita per la quale egli soffre o ha sofferto, e la sua condizione presente al tempo dell'arrivo (e. g., "meglio", "rimesso", "moribondo", "morto").

Sotto l'intestazione "Osservazioni" il medico di bordo dovrà fare delle notazioni come "può viaggiare", "accompagnato dalla famiglia", "rimosso a quarantena", "rimosso a quarantena colla famiglia", "nell'ospedale di bordo", o altre osservazioni che possano essere d'aiuto agli ufficiali d'Immigrazione e Naturalizzazione degli Stati Uniti, per proteggere il benessere dei malati e per render conto dei passeggeri o marinai che mancano.

Le diagnosi e tutte le altre dichiarazioni che risultano nel menzionato rapporto debbono esser scritte leggibilmente, non necessariamente in inglese, se il medico di bordo sa meglio un'altra lingua. Il medico di bordo dovrà inoltre dichiarare sotto giuramento che, secondo quel che lui sa e crede, il suo rapporto, come è qui prescritto, comprende una dichiarazione vera e completa di tutte le malattie, ferite, nascite, morti che han avuto luogo durante il viaggio.

Gli ufficiali di carico del Servizio d'Immigrazione e Naturalizzazione degli Stati Uniti nei vari porti hanno piena autorità di impedire lo sbarco dei passeggeri da un bastimento, sino a che il medico di bordo, o per lui, il comandante del bastimento, abbia presentato un rapporto medico, come sopra indicato.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

## REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

### INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.

# REPORT OF SHIP'S SURGEON

U.S. DEPARTMENT OF LABOR  
BUREAU OF IMMIGRATION  
WASHINGTON

September 1, 1917.

## INSTRUCTIONS

*To masters and medical officers of ships, and others concerned :*

Under the authority of section 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon shall deliver in person to the United States Commissioner of immigration, or his authorized representative, a complete report of the diseases (including manifestations of epilepsy, hysteria, or insanity), injuries, births, and deaths which have occurred among the passengers during the voyage.

Said report shall state in each instance the name of the passenger concerned ; whether a first cabin, second cabin, or steerage passenger or a stowaway ; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet ; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e.g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the ship's surgeon will make such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be written legibly, but need not be in English if the ship's surgeon be more familiar with another language. The ship's surgeon shall furthermore declare on oath that to the best of his knowledge and belief his report, as herein prescribed, comprises a true and complete statement of all the diseases, injuries, births, and deaths which have occurred during the voyage.

The Commissioners of Immigration at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

A. CAMINETTI,  
*Commissioner General of Immigration.*

APPROVED :  
W. B. WILSON,  
*Secretary of Labor.*

## TRADUZIONE D'ISTRUZIONI

*Ai capitani e medici di navi ed a chiunque spetti :*

A norma del paragrafo 13 dell' Atto del Congresso degli Stati Uniti, il 5 di Febbraio, 1917, viene con questo mezzo decretato che all' arrivo in un porto degli Stati Uniti d'una nave, che trasporta passeggeri da un porto estero, il medico di bordo dovrà consegnare personalmente nelle mani del Commissario d'Immigrazione (Commissioner of Immigration), o del suo rappresentante autorizzato, un completo rapporto di tutte le malattie (compresi gli indizi d'epilessia, d'isterismo, o d'insania), le ferite, le nascite, e le morti, che siano avvenute durante il viaggio fra i passeggeri.

Detto rapporto dovrà indicare in ogni caso il nome del passeggero in questione, la sua condizione a bordo, se passeggero di prima, seconda, terza classe o clandestino ; portare la lettera o il numero del foglio del manifesto sul quale è inscritto il nome del detto passeggero, altresì il numero d'ordine, che serve a indicare la posizione del suo nome sul foglio medesimo ; spiegare la natura del male, che esso soffre o abbia sofferto e la sua condizione fisica al momento d'arrivo, p. es., "migliorato," "guarito," "moribondo," "morto."

Sotto la rubrica "Remarks," il medico di bordo dovrà apporre tali annotazioni come, p. es. : "abile a continuare il viaggio," "accompagnato da famiglia," "sbarcato a quarantina," "sbarcato a quarantina con famiglia," "nell' ospedale a bordo," o qualsiasi annotazione, che possa essere d'aiuto agli ufficiali d'Immigrazione, sia per proteggere gli interessi degli ammalati, sia per rendersi conto dei passeggeri mancanti.

La diagnosi ed ogni altra dichiarazione dovranno essere scritte in modo leggibile ; però non necessariamente in Inglese, se il medico di bordo conosca meglio un' altra lingua.

Il medico di bordo dovrà altresì dichiarare sotto giuramento, per quanto a lui consti in buona fede, che il suo rapporto comprende una esatta e piena descrizione di tutte le malattie, le ferite, le nascite e le morti, che siano successe durante il viaggio.

I commissarii d'Immigrazione nei diversi porti degli Stati Uniti hanno pieni poteri per impedire lo sbarco ai passeggeri d'una nave, sino a che il medico, o mancando il medico, il capitano della nave stessa avrà fornito loro il rapporto come sopra indicato.

TRADUCTION DES INSTRUCTIONS

*Aux commandants de navires, aux medecins du bord et à qui de droit :*

Conformément à la section No. 13 de l'Acte du Congres des Etats-Unis, le 5 Fevrier, 1917, vous êtes instruit par les présentes qu'à l'arrivée d'un navire, portant des passagers d'un port étranger à tout port des Etats-Unis, le médecin du bord devra remettre, en personne, au Commissaire d'Immigration des Etats-Unis, ou à un représentant autorisé, un rapport complet des maladies, (y compris des indices d'épilepsie, d'hysterie ou d'insanité), des blessures, des naissances et des décès survenus parmi les passagers pendant le voyage.

Le dit rapport devra faire connaître dans chaque cas le nom du passager en question, la classe à laquelle il appartient, s'il est passager de première ou de seconde, d'entrepont ou passager clandestin (stowaway) ; de plus, la lettre ou le numéro qui désigne la feuille du manifeste des passagers sur laquelle le nom du dit passager est enregistré, ainsi que le numéro indiquant la position de son nom sur la dite feuille, la nature de la maladie, ou de la blessure de laquelle il est ou était atteint, et sa condition actuelle au moment de l'arrivée, (tel que : "amélioré," "rétabli," "mourant," "mort").

Sous le titre, "Remarks," le médecin du bord fera des observations, telles que : "en état de voyager," "accompagné de famille," "débarqué à la quarantaine," "débarqué à la quarantaine avec famille," "à l'hôpital (l'infirmerie) du bord," ou autres remarques qui peuvent être d'utilité aux officiers du Bureau d'Immigration des Etats-Unis, soit en sauvegardant les intérêts des malades, ou en rendant compte des passagers manquants.

La diagnose et tout autre compte rendu dans le dit rapport devront être écrits lisiblement, mais il n'est pas nécessaire que cette déposition soit en Anglais si le médecin peut s'expliquer plus facilement et plus clairement dans une autre langue.

En outre le médecin devra prêter serment que, de son mieux et d'après sa conviction, son rapport renferme un compte fidèle et complet de toutes les maladies, de toutes les blessures, de toutes les naissances et de toutes les mortalités qui sont survenues pendant le voyage.

Les Commissaires d'Immigration aux divers ports des Etats-Unis ont plein pouvoir d'empêcher le débarquement des passagers d'un navire, jusqu'à ce que le médecin du bord, ou en son lieu le Commandant du navire, aura fourni un rapport médical, comme il a été ci-dessus indiqué.

# REPORT OF SHIP'S SURGEON

U. S. DEPARTMENT OF JUSTICE  
IMMIGRATION AND NATURALIZATION SERVICE

## INSTRUCTIONS

*To masters and medical officers of ships, and others concerned:*

Under the authority of sections 12 and 13 of the act of Congress of February 5, 1917, it is hereby directed that on the arrival of a ship bringing passengers from a foreign port to any port of the United States the ship's surgeon or, if no surgeon, the master shall deliver in person to the United States Immigration and Naturalization officer in charge, or his authorized representative, a complete report on Form I-442 with respect to all alien passengers, of all injuries, diseases, and illnesses—mental or physical—existing at time of embarkation, and of any such injuries, diseases, and illnesses, and births and deaths developing or occurring during the voyage.

Said report shall state in each instance the name of the passenger concerned; whether a first-cabin, second-cabin, or steerage passenger or a stowaway; the letter or number used to designate the sheet of the passenger manifest on which the said passenger's name is to be found, and the number indicating the position of his name on said sheet; the nature of the disease or injury from which he is or has been suffering and his actual condition at the time of arrival (e. g., "improved," "recovered," "moribund," "dead").

Under the heading "Remarks" the report shall contain such notations as "able to travel," "accompanied by family," "removed at quarantine," "removed at quarantine with family," "in ship's hospital," or other remarks which may be of assistance to the United States Immigration and Naturalization officers in protecting the welfare of the sick or in accounting for missing passengers.

Diagnoses and all other statements appearing in said report must be typewritten, or printed in ink, in the English language. The ship's surgeon or, if no surgeon, the master shall furthermore certify that to the best of his knowledge and belief his report on Form I-442, as herein prescribed, comprises a true and complete statement.

The Immigration and Naturalization officers in charge at the various ports of the United States have full authority to prevent the debarkation of the passengers from a ship until the ship's surgeon, or, in lieu thereof, the master of the ship, shall have furnished a medical report, as above indicated.

For further information regarding the use of this form, see Part 107, Title 8, Code of Federal Regulations.
